Labor 'Rebels' Defy Attlee In Censuring Foreign Policy

LONDON, (CP)—At least 13 more Labor members of parliament Thursday joined a "revolt" against the Attlee government, demanding a Socialist foreign policy to prevent what a resolution called "an otherwise inevitable conflict between American capitalism and Soviet communism."

LONDON (CP)—The Labor government's foreign policy was faced Thursday with a stern challenge from a group of rebel members of parliament.

Advocates of a broad connection of a group of Labor party moderates, Premier Ernest Bevin, have decided to stand by an amendment to the Foreign Secretary's speech, criticizing the government's record in foreign affairs.

The amendment, which calls for a motion of censure against the government's foreign policy, was introduced by the Foreign Secretary's speech, criticizing the government's record in foreign affairs.

Murders, Suicide, End Three Lives

VICTORIA, (CP)—The death of John H. Lemieux, 25-year-old former Canadian naval rating, his wife, Laura, 24, and their two-year-old daughter, Caroline May, were found Wednesday in their cottage and police said it was an apparent case of double murder and suicide.

All had been shot in the head and a single-barrel 12-gauge shotgun was found in the bloodstained bedroom where the bodies were discovered. Police said they believed the shootings occurred Monday.

No notes were left but neighbors told police Lemieux had been depressed lately because of debt.

MEXICO CITY, (AP)—Sixteen persons were killed Wednesday in the crash of a DC-3 passenger plane off of Puerto, midway between Mexico City and the coast. Donald M. Stoner, vice-president of the airline, said the passenger had included 18 adults and three children.

Mr. Stoner said the plane crashed into the 17,000-foot Cofre de Perote mountain at 11,000 feet.

Alberta Trustees Urge Need Of Government Financial Aid

CALGARY, (CP)—We need more money was the theme of the first day's deliberations at the Alberta School Trustees' association annual convention here Wednesday. Both resolutions and reports claimed not enough money is being provided by the provincial government for educational purposes.

We do not accept the statement that the money is not in the province," said Henry K. Spencer of Edmonton, president, "for the expenditures for two hundred schools some \$400,000,000, that of liquor and tobacco, it might be noted, amounting to the government revenue from liquor alone is some \$5,000,000, more than twice as much as what is expended for education."

A. G. Andrew of Edmonton, the secretary, said, "School trustees are endeavouring to operate a system of education formulated by the provincial government, without adequate funds to do this successfully. The results of such a policy are: An acute shortage of qualified teachers; below average teacher material; poor school buildings in many parts of the province; inadequate teaching facilities."

Coast Expecting Big Gold Cargo

VANCOUVER, (CP)—Gold bullion valued at between \$150,000 and \$200,000 will arrive here from San Francisco under heavy guard Saturday and will depart for Shanghai in a special strong room being built aboard the steamer Lake Alton here, it was learned Wednesday.

The bullion, said to be part of a United States loan to China to replace gold shipped to Japan during the war, will be transported through Vancouver because of the maritime strike in U.S. coastal ports.

A heavy F.B.I. guard will be aboard the train bringing the bullion here, the largest single shipment of gold ever to be sent here. R.C.M.P. will guard its transfer aboard ship.

See Huge U. S. Foreign Loans Best Safeguard Against War

NEW YORK, (AP)—President Truman, the state department and spokesmen for American business joined Wednesday night in urging continuation of the United States' best safeguards against war.

The United States has invested \$20,000,000,000 in the program and shoddy new would be "unthinkable," William L. Clayton, under-secretary of state, told the United Nations Economic and Social Council, adding that abandonment would be a step backward with serious consequences for the peace of the world.

President Truman in a letter to the council said "sound and healthy trade conducted by private enterprise" is a keystone in the structure of world peace and security.

William K. Jackson, president of the United States Chamber of Commerce, said "Business' voluntary system is making a daring bid for room for more imports."

U. S. Gets Blame For Food Crisis

LONDON, (Reuters)—Failure of the United States to send promised stocks of grain is "one of the major causes of the food crisis in the British occupation zone of Germany," Dr. Cyril Garbett, Archbishop of York, told the house of lords Wednesday. "If there is a catastrophe, it is not right that Britain should have to bear the blame," the archbishop said.

See Broad Probe U.S. Occupation

WASHINGTON, (AP)—Prospects for a broad inquiry into German occupation problems increased Wednesday following a New York conference between U.S. Secretary Byrnes and members of the senate war investigating committee.

The committee plans to begin the investigation with a closed hearing here Monday, at which Lt. Gen. Lucius D. Clay will be the first witness. Gen. Clay is deputy commander of American occupation forces in Germany.

Critics of occupation and black market activities are on the tentative schedule for investigation. Austria is to be covered along with Germany.

American and British officials made a start here Wednesday toward settling details of economic unification of their occupation zones in Germany.

Even though France and Russia have declined to join in moulding the German economy into a single economic unit, Britain accepted an American plan to merge the zone economically with that of the United States. She sent a delegation to the United States to work out details and it met for the first time Wednesday with key American officials.

Food supplies, uniform rationing and creation of a single living standard in the two zones were among items on the agenda.

Per Capita Basis For Costs Proposed

LAKE SUCCESS, N.Y. (CP)—A proposal that allocation of administration costs be on a per capita basis was given the United Nations budgetary committee Wednesday by John Bracken, delegate from Canada.

He argued that the proposed ceiling of 25 percent of the whole to be allocated any one country, while wholly acceptable, should be based on per capita income instead of national income.

Counterfeit Case In East Unsolved

OTTAWA, (CP)—The United States counterfeit currency appearing in Canada has ebbed slightly in the last few weeks, Bank of Canada officials said Wednesday.

R.C.M.P. persisted in an almost clueless hunt for the men behind Canada's first major spurious money outbreak in several years.

Report 410 Died In Peru 'Quakes'

LIMA, Peru, (AP)—At least 410 persons were reported Thursday to have lost their lives in a series of earthquakes which began in Peru last Sunday and which crippled communications and caused widespread devastation.

The ministry of the interior said that Chusacaca, a town of 4,000 north of Lima, apparently was the hardest hit. Three hundred persons were killed and 250 injured there.

Shuashu, a town of 11,000, was reported completely destroyed. So far 40 bodies have been taken from the debris. Thirty fatalities were reported at Pucallaca.

Newspaper casualty lists included 50 men killed in the Conazo mine, but it was not known if these deaths were due to a mine cave-in.

Says Egypt Wants British Friendship

CAIRO, (AP)—King Farouk declared Thursday he had great hopes that "real friendship" between Britain and Egypt could be strengthened but said the 1936 treaty between the two countries was "unacceptable for further revision."

In a speech from the throne marking the opening of parliament, the 27-year-old monarch asserted the "nationalism of the Egyptian people has reached its climax and the people are in a state of spiritual revolution."

He told the people that their demand for the withdrawal of British troops from Egypt was in process of being met—that the execution already in under way said "will continue until it is completed within an agreed period."

King Farouk indicated, however, that no decision had been reached in negotiations with Britain concerning the demand for "unity of Egypt with the Sudan under our crown."

It Strangles Business

Governments of the four western provinces are joining forces to oppose the application of the railways for permission to raise freight rates 30 per cent. That almost as a matter of course. It is certainly in line with public opinion, vigorously and variously expressed.

The Governments are also taking the occasion to urge that the "mountain differential" be abolished. This supercharge on freight moving over the mountain sections of the railways has reacted to block the development of business in the mountain prairies and the Pacific coast area. In respect to the National Railways the charge is based on fiction, for there is no more aggregate "climb" over which freight has to be hauled between Edmonton and Vancouver than there is between Edmonton and Port Arthur.

The application for power to raise rates generally 30 per cent is the method suggested by the railway managements for solving the problem of how to make railway income meet the outgo. It is to be supposed that the Transport Board comes to study the proposal it will also study all alternative methods by which the railways can be protected from the revenue they need. The objection to this particular plan, the more likely the alternatives will be thoroughly examined as to their revenue-producing possibilities.

However the basic problem is solved, the "mountain differential" should be eliminated. It didn't save the railways from deficits in bad years, and it didn't save them when they would have handled more traffic and collected more revenue if the supercharge had been taken off. The supercharge has the effect of the differential is discriminatory and unfair, and it should go.

Saskatchewan Needed Help

Saskatchewan owed the Dominion \$80,000,000. But the debt has been reduced to \$36,000,000. And the province is given 30 years in which to pay, without interest.

The other \$44,000,000 is to be written off the federal books. Dominion loaned the money which it lent to the province, the taxpayers at large will have to reimburse the obligation. The Dominion loaned the money which it lent to the province, the taxpayers at large will have to reimburse the obligation. The Dominion loaned the money which it lent to the province, the taxpayers at large will have to reimburse the obligation.

There should be no envy on the part of other provinces because Saskatchewan has been treated generously—as it has. That province was harder hit than any other by the combined forces of depression and crop failure. Its range of economic disaster is narrower than that of most of the others. The \$80 million dollar debt, created in and because of the lean years of the decade, was a paralyzing burden, a heavy overhead handicap which discouraged enterprise, ate up income, and prevented the accumulation of capital for future enterprise.

The other provinces are of course entitled to expect similar generous treatment, all their individual circumstances taken into account, if they are to negotiate new taxation agreements with the Dominion. They should not all expect to get a dollar-for-dollar reduction, for money is not better able to take care of their commitments.

Saskatchewan was in fact the weak sister in this respect. The relief given to it was not out of pity, but because of its position. That this will help to quicken productive enterprise and raise the standard of living there is to be supposed. These are objects which should be heartily approved by Canadians everywhere, in respect to every province. If Confederation does not mean that, what does it mean in terms of national welfare and uniform progress?

Still France

French voters have gone to the polls six times in thirteen months. That probability is a record even in the most democratic countries.

Not all the ballots were held to elect representatives to the local or the national legislature: twice the electors were asked to say what they thought of the new constitutions for the Fourth Republic. They were called out on Sunday to elect members of the National Assembly, twice they were called out on Sunday to elect members of the National Assembly, twice they were called out on Sunday to elect members of the National Assembly.

From the election the Communist party emerges as the largest group in the new legislature. But it has not yet all major party, nor any strength approaching that. The second largest group is the moderate Popular Republican party. This weaker than they were before, the "rightists" stronger.

There is nothing in this situation to suggest stability or that the vote can count on being free from balloting duties for any length of time. On the contrary it indicates that they will probably have to go back to the polling booths again before the winter is out.

The bitter experience of wartime does not seem to have consolidated French public opinion, as it might have been expected to.

do. Group lines are as tightly drawn as they are in other parts of the world, and the coalition of cabinets and periodic up-sets are in prospect.

Altitude Versus Latitude

Denver is a thousand miles south of Edmonton, in fact, but the south of this city than Winnipeg is east, or Great Bear Lake north.

But while Edmonton has been and is basking in the soft glow of Indian Summer, with bare ground and mild airs, Denver has been broadcasting news of worse than mid-winter weather. Show drifts ten to eighteen feet deep, highways blocked everywhere, planes making merry flights in all directions to drop food to marooned ranch families, 30,000 head of cattle starved because feed cannot be got to them—these details make up a picture of widespread distress in Colorado such as Alberta people have not seen duplicated in reality.

Latitude hasn't everything to do with climate. Altitude also counts, and as reilly, as much. Edmonton is 2,180 feet above sea level. Denver is exactly one mile above.

The influence of altitude in the shaping of climatic conditions is not commonly enough recognized. For sufficient emphasis is made in tourist and immigration literature. The treeless, blizzard-swept plains of Tibet rather than the equator than the orange groves of California. In the latitude of New Orleans. Altitude makes the difference in climate—despite latitude.

There are three vacancies on the UN Security Council, and there is some great horse-trading going on about the filling of them. The council is made up of the Big Five—who are permanent members—and the non-permanent members, who are elected for two-year terms.

Already the regional representation system is as firmly fixed in UN elections as it is, for instance, in picking candidates in the Netherlands to replace the Netherlands.

The Road Ahead

By Harper Brown, M.I.A.

I like to argue with people about peace controls, chiefly because all those who are in favor of them are so sure of their own right that they will not listen to any different arguments, and it isn't very often any of the arguments will stand up to examination and comparison.

For example, there is the fellow who says that large stocks of essential goods are being kept off the market until the controls are taken off so that the manufacturers at the moment, and the retailer, or the whole bunch of them can get a greater profit. Yet if you switch this same person over onto taxation he will tell you that people just aren't producing because income taxes are so high now it isn't worth while producing stuff. If that latter is true then what does anybody want a higher profit for if they are just going to have to pay it all to the flied away? And if the manufacturer is taking such a beating from taxation then surely he can't afford to produce a lot of goods and then hold them off the market. Surely large stocks, interest on investment, storage costs, and other potentials will offset any gains there is in price.

THEN THERE IS the school which insists that in a free market will rise and fall and will stimulate production so that the increased number of goods offered will mean a lower price.

So long as price ceilings constitute a problem and there is agitation to have them taken off, that is evidence we need them to prevent runaway inflation. As soon as inflation has caught up with demand sufficiently to permit controls to be taken off, then the controls are cutting between competitors to get out of the market. When this is the case, then the controls will be in danger of being called in.

It may be true that we would be able to get more of certain commodities if prices were lifted—but then this turn would be some price all along the line. This would turn lead to demands for increases in the price of everything, and of course, necessitate increased prices and wages go again.

movement, all who are suspect should be brought before appropriate tribunals of justice and acquitted or punished on the evidence warrants. If Thyssen and Krupp or any others are indeed innocent, let them go. If they are guilty, let them be hanged. If they are innocent, let them be hanged. If they are guilty, let them be hanged.

Claims U. K. Leads In Building Vessels

NEW YORK, (AP)—J. H. King, secretary-treasurer of the Society of Naval Architects and Engineers, said Tuesday that Great Britain was running away from the United States and other great powers in building commerce ships for post-war trade.

Backed by the British government, which has accelerated naval construction in favor of commercial shipping, British builders now have 1,500,000 tons of new shipping under construction.

Mr. King returned last week from a survey of shipyards in Britain and on the continent.

Stole from Mother, Lady on Probation

LONDON, (CP)—Lady Elizabeth Mary Glynne White, 28, Wednesday was placed on three years' probation following her plea of guilty to a charge of stealing furniture and other articles from her mother, the Dowager Marchioness Tweeddale.

Her mother and other witnesses testified that Lady Elizabeth, a former actress, had been drinking heavily at the time of the thefts.

'Co-op' Requesting Livestock Parley

REGINA, (CP)—Noting a decrease in livestock production on the prairies, delegates to the 22nd annual business meeting of the Saskatchewan Co-operative Livestock Association requested a resolution calling for a national conference of those interested in livestock, to plan a production policy.

The resolution was part of a document recommending in connection with the directors' report on livestock under review by delegates sitting in closed session here since last Tuesday.

Other recommendations included setting up of a livestock board of grade livestock, commercial grade marketing and storage and handling of exportable meat markets, to reopen the United States market for live cattle, that compensation be paid the livestock industry for loss of the market that present selling prices for live should be established as floor prices in the stabilization program and that there be an upward adjustment in the price of bacon.

The resolution recommended that a livestock production policy be coordinated with a national program for production and marketing of live animals in relation to livestock production.

No definite date was recommended for the proposed national conference.

Ontario Harvests Big Sugar Crop

CHATHAM, (CP)—The Ontario Sugar Growers' Association announced today that Ontario's sugar beet crop was estimated at 10,000,000 pounds of sugar, which was the largest crop ever harvested in the province.

The association said the sugar content of this year's crop was 13.25 percent, compared with 12.5 percent in 1943.

It also said that the total sugar production of the province was estimated at 1,300,000 pounds, which was a record for the province.

Acquit Five Nazis Of Helping Japan

SHANGHAI, (AP)—Wolfgang Schenker, former German newspaper editor, and five other Nazis accused of helping Japan were acquitted today by a military tribunal.

The tribunal, presided over by an American military officer, found the defendants not guilty of aiding the Japanese in their fight against the Allies.

Premier Douglas Is 'Much Improved'

REGINA, (CP)—Premier T. C. Douglas, of Saskatchewan, is "much improved" and will be out of hospital in about a week, Dr. H. J. Spooner of Regina, the premier's physician, said Tuesday.

Mr. Douglas entered hospital last week for "chickenpox." It was understood that cause of his illness was the flu virus, first contracted in his youth.

Church Destroyed In \$300,000 Blaze

MONTREAL, (CP)—Knox Crescent Presbyterian church, a Montreal landmark for 60 years, Thursday was a mass of burned timbers and blackened stone after a spectacular three-alarm fire Wednesday night raced through the structure causing damages estimated at \$300,000 and leaving three firemen on seriously.

The fire, of undetermined origin, first was noticed a few minutes before midnight and within five minutes the entire building was aflame. More than 125 firemen from 15 battalions battled the three fires, and ambulances from hospitals stood by the door.

An elderly couple who resided in the fireproof were reported safe. Fireman Claude Tremblay, 25, suffered burns when, while he was atop an aerial ladder belting install water guns, flames shot through the roof ceiling him.

He was brought down by companions and taken to hospital. Along with two of his co-workers, cut when panes of stained glass exploded under the heat.

For a time the fire threatened to spread to adjoining buildings. Firemen scurried over adjoining rooftops to check any possible new outbreaks caused by flying sparks. Many residents, aroused from bed, carried belongings into the streets. Scores of policemen kept back the crowd spectators away from the blaze.

An unusual incident occurred when a man, who police said, was intoxicated, tried to enter the blazing church "to save his women and children." Police dragged him out when he got just inside the door.

Menzies Is Eager For Soviet Accord

CANBERRA, (Reuters)—Robert Menzies, former Australian prime minister and leader of the parliamentary opposition, Wednesday called for an understanding with Russia.

Speaking in the house of representatives foreign affairs debate he said:

"We must do everything we can to achieve a common understanding with the Russians. Russia has probably the most powerful armed forces in the world today, but it is inconceivable that a nation which lost 7,000,000 people in the war should not obtain many millions who are sick of war and would like an end to winning."

He also said that Australia was a commonwealth of nations and that it was not in the interest of the world to have a world war.

Seeks To Appeal

WINNIPEG, (CP)—Council for Lawrence Desno, 22-year-old war veteran convicted of the iron bolt slaying of John J. Smith, a Winnipeg taxi driver, last March, announced Wednesday they had filed an application for leave to appeal to the Manitoba court of appeal. Desno is under sentence to be hanged Jan. 16.

Claim Coal Found Near Hudson Bay

THE PAS, Man. (CP)—Discovery of extensive deposits of lignite 35 miles east of Fort Churchill, was reported here by E. Kronlund, a northern trapper and prospector. He said the find had been made while he was out on a trapping trip with his partner, William Bechell.

The two trappers, who already have staked 2 1/2 square miles of the area, declared they had entered into an arrangement with William Richardson, Toronto, mining operator, for immediate development of the coal field.

Kronlund said preliminary surveys indicated unlimited quantities of lignite had been discovered. The reported discovery is 12 miles from the Hudson Bay railway.

Canoeist Is Halted By Melting Snows

VICTORIA, (CP)—Peter Burr, 26-year-old Canadian Scottish Regiment veteran who left here April 21 in an attempt to cross overland to New York by canoe will winter in Smithers, B.C., before taking to the water again.

Burr, who left Victoria seven months ago, said he hoped to complete the trip in five or six months but melting snows and the fact that the B.C. interior have held him up.

So far, the adventurous veteran has had only one major mishap: that was when he was crossing the Queen Charlotte Islands. His canoe overturned but he managed to get it righted with only a scolding for himself and his gear.

Once across to the mainland, he made his way up the Bella Coola river and later journeyed over the heights of land to Anahim lake, packing his canoe on a horse.

From there on, Burr had downhill journey. He reached the Peace River with his canoe and returned by train to Smithers.

C. P. Ship Brings 35 to Montreal

MONTREAL, (CP)—The Canadian Pacific Steamships' cargo-passenger liner, Beaverbrook docked here early Wednesday and disembarked 35 passengers.

The Beaverbrook also carried 2,800 tons of general cargo. During the winter she and other Canadian Pacific ships will make Saint John, N.B. their port of call.

Among the Beaverbrook's passengers were Mrs. Millicent Bingham, a daughter of the late Hon. W. C. Borden, chief justice of the trial division of the supreme court of Alberta, who is en route to Ottawa, and Mrs. Hilda McNally, bound for Edmonton where her daughter, Mrs. K. McNally, lives.

Cowboys Postpone Cross-Country Ride

WINNIPEG, (CP)—Two cowboys who began a cross-country ride from Vancouver to Halifax last May have decided to postpone the venture until spring.

Leslie "Risky" Frost and Nita "Risky" Frost, who remain in Winnipeg for the winter and begin their journey in the spring from Dryden, Ont.

The men said a heavy horse, named "Red," which was injured last week and a veterinary said the horse needed a month's rest. This, as well as the current feed shortage, influenced their decision.

Backache Whipped By Man and Wife

ALBANY, N.Y. (AP)—A husband and wife, both suffering from backache, were cured by a treatment of "backache cream" after several months of suffering.

The husband, who had been suffering from backache for several months, was cured by the cream. The wife, who had been suffering from backache for several months, was also cured by the cream.

Future Action Farm Group To Discuss Strike Plans

Future action regarding the 30-day non-delivery strike of all farm produce precipitated by the Alberta Farmers' Union last Sept. 8, will be discussed at the annual AFU convention here in January, Union President Carl J. Stimpfle said today.

MORE THAN 20,000 union members withheld grain, livestock and dairy products from the market for one month in a bid to force federal recognition of their demands for parity between farm costs and returns. The strike was "suspended" early in October following negotiations between the farmers and federal agricultural authorities.

The AFU executive is in session here discussing plans for the convention scheduled here Jan. 7 to 11. More than 500 delegates are expected to attend.

MR. STIMPFLE SAID the executive was discussing "routine business matters and dealing with a backlog of correspondence." Convention plans and recommendations to be placed before the union's resolutions committee, are also under discussion.

Mr. Stimpfle declined to make any comment on possible future action by the union regarding a suspended delivery strike. That will be discussed at the convention.

The strike was halted after federal authorities suggested that the Agricultural Prices Support Board could be utilized to meet the main AFU demand for parity. The result of a fact finding board to set parity prices, the relationship between farm costs and returns.

OLD TIMERS RENEW FRIENDSHIPS: Pioneering days in the early west were recalled when members of the Northern Alberta Pioneers and Old-Timers Association met for their annual round-up banquet and dance in the Macdonald hotel Wednesday evening. The occasion was a doubly enjoyable one, for it marked the 52nd anniversary of the founding of the association. Re-

counting incidents and stories of people and events in the days when the west was young, left, Grand-ma Wingfield, 83 and Tom Holt, both of Fort Saskatchewan, converse before going to dinner. In the center picture some guests at the head table are seen at dinner. Left to right they are: Mrs. Herbert Darling, wife of Assistant Commissioner Darling, RCMP, Mayor Harry Ainlay,

Mrs. W.D. King, wife of W.D. King, deputy provincial trade minister who was guest speaker; His Honor Lt.-Gov. J.C. Bowen; President Clyde S. Smith who presided at the dinner and Mrs. J.C. Bowen. Right, seen Mr. and Mrs. J.W. Connelly of Edmonton who at the banquet, received congratulations of their many city and district friends on the occasion of their 50th wedding day.

Old-Timers Have Annual Get-Together

Alberta's Pioneer Days Re-Lived at Round-Up

Fifty-second anniversary of the founding of the organization in which they have enjoyed comradeship, and "good neighborliness" since the earliest of pioneer days in Edmonton and district, drew more than 400 members of the Northern Alberta Pioneers' and Old-Timers' Association to their annual round-up banquet and dance in the Macdonald hotel Wednesday evening.

THERE WAS A SPIRIT of companionship and good fellowship around as friends of a quarter and half a century's standing met to renew friendships and visit over a friendly supper table.

Tales of times long past but not forgotten when Edmonton was a village and one had to ferry across the Saskatchewan river to get from Strathcona to Edmonton, when one's neighbor might be 30 miles away when travelers came west in a land River cut with all their horse possession, settled down to a homely life after a hard day's light the happy talk that floated from table to table.

HEARTY HANDCLAPS and greetings from friend to friend rekindled for a few hours the wonderful fellowship that went into the building of Edmonton and the west.

There was fun, too, as elders teased "newcomers" who came to the building of Edmonton and the west. Edmonton by rail with the first railway from Calgary to Edmonton.

Dealers Hear Hon. C. E. Gerhart Implement Men Open Annual Parley Here

More than 100 delegates to the Alberta Retail Implement Dealers' Association convening for the opening sessions of their two-day annual convention in the Macdonald hotel Wednesday morning, heard the Hon. C. E. Gerhart, minister of municipal affairs in the provincial government, say that this was a "grand opportunity for modern aggressive merchants" to increase their sales and put their businesses on a firm sound basis.

IN HIS ADDRESS of welcome he offered personal congratulations to the delegates for the strides they have made during two years of organization.

He told them that he had a wonderful opportunity to eliminate any complaints of unfairness in his address, outlining the achievements of the association thus far. Recounting the fact that at its organization a little less than two years ago, there were 50 members, the membership had grown to more than 300.

Formation of a Canadian federation; the publishing of a trade journal; the publication of a trade newspaper, monthly business bulletins; the formation of units within individual areas in the province and the foundation of a better understanding between purchaser and dealer and among dealers.

HE SUGGESTED ways in which the units might become more active in community life.

Highlight of the afternoon session was a federation in which M. C. Brunner, Calgary, Mel Cunningham of Red Deer and Luke Damask, president of the Canadian Federation of Farm Equipment Dealers, took part.

Delegates and visitors from Manitoba, Saskatchewan, and from other units in the province will speak during the convention. Mr. Damask will speak Friday afternoon.

MATTERS relevant to the supplying of farm equipment and implements to farmers and association topics came up for discussion Thursday. M. W. Coast, president, of the association, said that at its organization a little less than two years ago, there were 50 members, the membership had grown to more than 300.

BEAUTY QUEENS HEAD FOR COAST: Alberta's representatives in the western universities' beauty contest, to be held Saturday at Vancouver, look off by TCA Thursday morning for the coast. At the left is Miss Rosalie McHaffie, Edmonton, and at the right Miss Norma Shearer, Black Diamond, Alberta's entrants in the inter-variety beauty contest, left to uphold the reputation of prairie beauty. In the center is Miss Dorothy Dunn, stewardess of the plane. At the controls was the veteran pilot Cliff Seddon, and the co-pilot was Johnny Cosco.

Girls Nervous and Excited Varsity Co-Eds Leave For Coast Contest

Two very nervous university co-eds stepped aboard the 1:10 a.m. plane for Vancouver today as Rosalie McHaffie of Edmonton and Norma Shearer of Black Diamond, Alberta's entrants in the inter-variety beauty contest, left to uphold the reputation of prairie beauty. They arrived in Vancouver at 5:45 a.m. prepared for the week-end of tea, hockey and football games to be climaxed on Saturday night by the final judging of the pulsating entrants from the four western provinces.

HORDES of friends accompanied the girls to the airport, including Miss Mamie Simpson, advisor to women students, and Miss Constance MacFarland, dean of girls' residence, Pembina Hall, where Miss Shearer lives.

Both Miss McHaffie and Miss Shearer claimed to be perfectly calm, but it is a confirmed fact that neither has slept very much since being chosen girls of the Alberta University campus last Saturday night. Miss McHaffie kept murmuring "I can't believe it, I can't believe it."

Lights burned brightly in Pembina Hall on the campus as girls grouped together for all-night group sessions on the contest, during which Miss Shearer's part in the competition. Miss McHaffie, an 18-year-old woman girl, was accompanied by her father, her mother, Mr. and Mrs. F. McHaffie.

MRS. McHaffie called the occasion "very exciting" and stated that although her daughter had to sleep she was in great spirits. However, she said that she would be glad to hear when Rosalie is safe in Vancouver. "Perhaps this night will be explained by the fact that neither Mrs. McHaffie nor her daughter have ever flown. Mrs. Shearer, a "seasoned veteran," has flown twice before.

Wearing green and gold ribbons for their alma mater, the two charming froilettas were presented with garlands coronas by J. M. Jackson, district traffic manager for Trans-Canada Air Lines. Mr. Jackson had the task of seeing that the girls were safely delivered to the airport. He described his job as "immensely enjoyed."

FROM THE father's point of view, Mr. McHaffie wishes "that it were all over" stating that he is not used to as much publicity as the contest has received. "However, my daughter doesn't seem to mind it," he adds.

Both co-eds were introduced to the pilots, Captain Johnny Cosco and Check Pilot, Cliff Seddon. The airman have flown Hollywood celebrities on several previous occasions, but stated that they were ill for this trip. They described the two girls as "very lovely" and added "we should know—we're communists."

Old-Timers Hold Round-Up

(Continued from Page 9)

No incidents precious to the history of Edmonton were recalled by the participants.

Members from outlying points Clover Bar, Fort Saskatchewan, Shady Plain, Leduc and St. Albert drove into the city for the occasion, over roads they once travelled by horse and wagon or in winter, by sleigh.

TO ROUND OUT the evening's entertainment dancing was held in the main ballroom where previously an old-fashioned turkey supper was consumed, and in the saloons on the mezzanine floor.

Old-time fiddling the eager feet of dancers, both old and young. In the old-time dancing, the children of old timers vied with their elders for dexterity, but could not match them in grace or enjoyment.

Paving through a log-cabin door

way at the entrance of the hall leading to the dining room, guests were first welcomed by James A. McCool, secretary of the association.

A TRADITIONAL cow-bell sign called them to the main dining room where tables for six, eight and 12 guests were arranged. To the skirt of the bag pipes played by Piper Arthur Miller, the special guests entered into the dining room in single file, and were piped to their places.

President Clyde S. Smith presided at the dinner. Roast turkey, roast buffalo meat, Sandy Lake potatoes, deep apple pie, cheese and coffee was the feast spread for the guests.

On behalf of the officers of the association, Mr. Smith welcomed the guests of honor, those who had come from near and far for the occasion, and regretted that many were unable to be present because of lack of space, not lack of enthusiasm.

His Honor, Lt.-Gov. J. C. Bowen, who is an honorary president of the association was the first speaker.

"THIS IS A WONDERFUL thing to get together year by year to commemorate the building of the west and to venerate those who made Edmonton and the province what they are today."

"The spirit of the pioneers is one thing which we still possess," he continued. "Everywhere we go find it lives still in the hearts and minds of our young people."

"In the past, the spirit of the pioneers has been a wonderful asset in the building of the province and of the country, and I rejoice to see that it is not dead."

"It has proven and will prove in the days that lie ahead, one of our greatest national resources," he said. "Long may it continue to bless and enrich this province from generation to generation."

W. K. KING, deputy minister trade and industry in the provincial government, was guest speaker.

"All Albertans share with you the thought that Alberta is a wonderful place in which to live," he said.

Alberta today is what its pioneers made it, continued Mr. King, who went on to laud many of the leading industries of today, and pay tribute to the pioneers part in their founding.

"Alberta is a very young country," said the speaker, "with a record as the first garden growing in the province grown at Ft. Chipewyan in 1778."

Talks Featured At Spokes Club

Five-minute talks on a variety of subjects were featured at a meeting of the Junior Chamber of Commerce Spokes Club at the Edmonton Public Library Wednesday evening. Charles Kehoe presided, and L. Y. Calins, C.E., gave a criticism after the talks.

Talks were given by Don Bononi, on Cane Loma, Toronto and the work carried on there during the war years, and by Colin M. Campbell on diabetes and its cure.

His Honor, Lt.-Gov. J. C. Bowen, who is an honorary president of the association was the first speaker.

"Alberta is a very young country," said the speaker, "with a record as the first garden growing in the province grown at Ft. Chipewyan in 1778."

"First barley in the province was

sold in 1809 at what is now Dunvegan," he said. "Today our barley crop yields 32,000,000 bushels. The first grist mill was in operation at Henry House, in Jasper Park in the 1870's and the first wheat field was planted by the late Father Lacombe at Lac la Biche," he said. "Today the yearly yield is 140,000,000 bushels."

"IN 1878 the first coal was taken from the province to Montana. Now 2,000 men are employed in the coal mining industry in the province, with an output of 8,000,000 tons with a yearly wealth in coal sold of \$300,000,000."

"In 1878 the first herd of cattle was brought into the province from Montana, and sent out to graze at Cochrane. Now 400,000,000 pounds of meat are produced in Alberta," he continued. "In 1913 an oil well was drilled, and today Alberta is an oil-producing province and today 800,000 barrels of crude oil are drilled, employing 2,000 men, and bringing in a wealth of \$400,000,000."

"THE VISION which all of you had," he said, "when you first came to Alberta to make it your home and to raise it to one of the first agricultural areas of the Dominion, is going on to new and wider horizons."

"In mining, gold, radium, uranium and coal, oil, gas, in the north and west, in sugar and wheat in the south, and in the picture of general increased agricultural development of the whole province, the opportunities for youth in the province are still as great as they ever were."

"THERE ARE worthwhile possibilities and frontier fields to conquer in every phase of industry," he said. "The opportunities are practically limitless and in that sense, Alberta is still as much in the pioneering phase of its development as ever."

Entertainment was provided by Mrs. George Hudson, violinist, and Hal Meredith, violinist. Mrs. S. R. Keeling was accompanist.

Greetings from the Southern Alberta Pioneers and Old Timers Association were brought by Ernest Astell, treasurer of that association.

At the head table were, His Honor and Mrs. J. C. Bowen; Mayor and Mrs. Harry Anlay, Mr. and Mrs. Clyde S. Smith, Deputy Minister and Mrs. W. K. King, Assistant Commissioner and Mrs. H. Darling, Mr. and Mrs. G. D. Kinnaird, Mrs. D. M. Brunton, E. Astell, Calgary, Mr. and Mrs. James Hays, Mr. and Mrs. George Hudson, Mrs. S. R. Keeling, Mr. and Mrs. H. Opinion of Officials Asked

Study of Co-Operation Sought For Schools

Reaction of the departments of education of the nine provinces will be sought on the possibility of introducing the principles of co-operative economy for general study in their school curricula, according to a resolution from the Courtney, B.C. local of the United Grain Growers Limited which received endorsement at the recent Calgary convention of the U.G.C.

THE RESOLUTION advances the view that there is a great lack of knowledge regarding the principles and practices of co-operative economy, which has had the result of producing confusion and misunderstanding.

It contended that co-operation was one of Canada's greatest forces for stabilization, and an effective way of preventing monopolies, and within the sphere of its influence of averting depression, as well as being the most equitable way of distributing wealth.

On these premises the resolution seeks to have co-operation taught in all schools of the Dominion.

ALTHOUGH the resolution had not been received up to Thursday by the Alberta department of education, which was thereby unable to officially comment upon it, the high schools of Alberta are, however, teaching the principles of co-operation, it was stated by

Says Many Suffer Chest Ailments

From 8 to 25 per cent of all general hospital or clinic patients show chest disease on routine admission chest X-ray, according to C. H. Dickey, general secretary of the Alberta Tuberculosis Association.

THIS PERCENTAGE of findings is higher than that of routine blood count, urine analysis and blood chemistry, which are now generally accepted as routine admission procedures.

Mr. Dickey pointed out that routine chest X-ray would mean frequent and rapid diagnosis of early disease, save time and expense for patient, hospital and staff; raise the quality of diagnosis; lessen the danger of diagnostic oversight and protect nurses and other staffs from unsuspected sources of infection.

ABOUT \$2,000 has been placed at the disposal of Calgary General and Edmonton Royal Alexandra hospitals, both of which have ordered special equipment to commence the practice, Mr. Dickey said that the Association would consider extending grants to other hospitals in Calgary, Lethbridge, Medicine Hat and other centres as soon as results of the present tests are available, and provided the 1946 Christmas Seal Sale is successful enough to warrant the considerable extra expense involved.

Expect Highway Completion Soon

Portion of the Alaska Highway between Prince George, B. C. and Dawson Creek, is expected to be completed by the end of 1947, according to Hon. E. C. Carson, minister of trade and industry for British Columbia, Mr. Carson in Edmonton attending the conference of four provinces which are sponsoring an increase in freight rates.

He said that he expected the \$4,000,000 project would be completed by the end of 1947. Other portions of the highway between B. C. government are well advanced, according to Mr. Carson, although there has been considerable delay due to shortage of equipment. There is still \$200,000 to be delivered in road building machinery, the minister said.

The state of Wyoming owns more than 3,500,000 acres of land, none of which is taxable.

Remembrance Services Held At Several District Points

ROCKY MOUNTAIN HOUSE

Remembrance day services were arranged by the veterans and held in the Legion hall with 400 present. Rev. M. A. Mark conducted the service. The choir sang "The Memorial Service" by the Memorial church choir. Miss Esther McEwen and Lewis Major, a veteran of both wars, sang solos. John Plathman, chairman of the last night of the honor roll was read, with the names of those who gave their lives in the First and Second Great Wars. In the evening, the Legion held a smoker in their hall.

BONNYVILLE

With over 100 ex-servicemen from this village and district in attendance, special ceremonies were held here on Remembrance Day, under the auspices of the local branch of the Canadian Legion.

IN THE MORNING

St. Louis Roman Catholic church was filled with worshippers as Rev. George Thiffault and Rev. J. Davidson officiated at the religious services. Following the services were laid on the graves of men who lost their lives in the world war and the "Last Post" was sounded.

IN THE AFTERNOON

the school auditorium where they heard addresses by Mayor Alfred Muller and Rev. J. Davidson, and a conference by Rev. J. Davidson, dealing with the latter's personal experiences as a veteran of a parish in Glen, Prince at the time of the terrible bombing of that city during and after D-Day, 1944.

THE LEGION ANNOUNCED

a sale of 2000 popovers was made for the occasion.

A BALL HELD IN THE EVENING

attracted 400 people who danced to music of Rev. Robinson's band. The executive of the Legion branch, in charge of details for the day, is as follows: Maurice Brown, president; Henri Dure and Tommy Chester, vice-presidents; Marcel Groulx, secretary; Louis Groulx, Andre Vallee, Jules Vallee, 1900, Jean Desros, Paul Chabot and J. Marchand, councilors.

PROCESSION—Meeting an inspiring address by Rev. A. M. A. capacity crowd attended the Armistice day memorial service in the Legion hall. More than 100 veterans, including a number from Edmonton and Delburne, marched to the service.

THEY WERE HELD BY PIPER W. A. Wilson and Jim Wilson, Delburne.

Religious services conducted by Rev. J. Zeph. A wreath was laid by Duncan Peters at the cenotaph. Miss Bueger A. Kila sang "Last Post."

MARWAYNE—A Remembrance day service was held in the Marwayne hall, the service under the auspices of the Canadian Legion with Rev. B. Richards in charge.

See Unusual Light In Bonnyville Sky

BONNYVILLE—An unusual light of brilliant red light streaked across the southern sky for two or three minutes at about 6:30 p.m. recently. The phenomenon was noticed by a number of people who happened to be on the village streets at the time.

According to witnesses, the glare was much stronger than northern lights and covered an area much larger than that usually taken by aurora borealis.

No reason for the bright glare can be ascertained as it was reported in this district and witnesses report that the streak could certainly not have been caused by spotlight, flarelight or other ordinary reflections.

C.G.I.T. At Leduc Elect Officials

LEDUC—The C. G. I. T. Trail branch were organized here recently under the direction of Miss Wilson. Officers elected were as follows: president, Marcelle Kitchak; vice-president, Joan Wilkinson; secretary, Muriel Wright; treasurer, Faye Munro; committee convener, Donna S. and press reporter, Florence Wilkinson.

Work Is Advancing On Red Deer Bridge

RED DEER—Work on the building of the new bridge over the Red Deer river is rapidly nearing completion. The last pile of the south abutment will be swung within the next few days.

A large bridge crew is employed on the south bank making ready a community with its own temporary houses. New equipment arrived over the week-end and will start on the bridge work this week.

Natural gas lines have reached North Red Deer from the Viking-Kinlock fields and will be swung across the river shortly.

Opera Star Hunts In Rocky District

ROCKY MOUNTAIN HOUSE—Laurie Melchior, Metropolitan opera singer, spent his hour here recently en route to Calgary from a big concert tour in this district. Mr. Melchior was accompanied by a full orchestra of the Metropolitan Opera House.

Mr. Melchior and his wife, Mrs. J. Melchior, were at the airport at 10:30 a.m. and were met by a party from Rocky, which included Mr. Melchior, Mr. J. Kirby, C. J. Moore, and a full orchestra.

Mr. Melchior has been in the mountains for 10 days looking for game. They returned to Mr. Brown's ranch where they were met by a party from Rocky, which included Mr. Melchior, Mr. J. Kirby, C. J. Moore, and a full orchestra.

T.B. Seals Mailed By Red Deer Club

RED DEER—Hobby club members have launched one of their major community services with the mailing of 15,000 letters and seals to the city and district as they opened their annual T.B. seal campaign.

Jack Stewart, bartender, gave an address in support of the campaign. He told of the great work to be done in stamping out the vicious disease. He added that with the cooperation of service clubs and others the fight could be won and that donations from the seals played a great part in the fight.

SCHOOL PRESENTED RED DEER

—A special scroll containing names of members and adherents of the United church in Red Deer and district, who served in the forces, was placed in the church by members of the Red Deer Legion Sunday.

Funeral Services For Robert Hall

DUHAIME—A life member of the L.O.P. and an early district officer, Robert Hall, 87, died recently after three months of failing health. Funeral services were held at the Duhaime United Church, Rev. E. A. Pocock, officiated. Burial was in the Camrose cemetery.

Mr. Hall was born in Ohio, Ohio, and moved to Newmark, Man., in 1888. He took up a homestead here until 1912 when he moved to Edmonton. During his two years in Edmonton he was associated with a dry-cleaning firm. He later purchased a home at Duhaime where he lived until his death.

He is survived by three daughters, Mrs. E. Thorne, Melville, Sask.; Mrs. E. Thorne, Melville, Sask.; and Mrs. M. P. Lemon, Red Deer and two sons, Walter and Vernon at home. There are three sisters and two brothers in eastern Canada. There also are 18 grandchildren and 22 great-grandchildren.

Social at Duhaime Is Well Attended

DUHAIME—The largest crowd ever to attend a social here was present at the United church recently when the district officers held their annual report. The church was filled with over 300 people and supplies of food were soon gone and more was sent for.

Ex-servicemen, with their wives and children, were admitted free by the ladies who wished to show their appreciation to the boys and girls for their part in winning the war.

A bazaar was held afterwards, and was followed by an address by Rev. Grey Rivers of Champlain Community centre, who was led by Mrs. M. Brauer. Approximately \$200 was taken in.

Hold Dedication Hardisty Church

HARDISTY—Commenced dedicating the honor roll, a list of names of young people mentioned with the United church and who served in the Second Great War, was conducted recently by Rev. A. B. Worthing.

Work on the honor roll was done by Rev. David Powell, Calgary, and was beautifully done.

It T. Wright gave a short address and James Prentiss sang a solo. The service was given by Mrs. B. B. Worthing.

District Trustees Meet at Kitscoty

KITSOTY—Annual convention of the trustees association of the Vermilion school district was held here recently with Dr. W. H. Swift, deputy minister of education, principal speaker. H. E. Spencer, principal of the Vermilion school, acted as secretary. A. A. Smith, supervisor of the Kitscoty district, also addressed the convention.

Delegates expressed their concern that taxes had steadily increased but schools have been forced to close through the lack of teachers. All present agreed that the trustees would have to be increased before the abatement would be made.

John H. Drew, Kitscoty was re-elected president and W. Lloyd Brown, May secretary. A complete board of directors also was elected. In the evening a banquet was sponsored by the
